

Here is some basic information you'll need to know when booking The Ledgeview Roadster:

- We require a minimum spend of \$500 per event and a non-refundable \$100 booking fee. Most of our menu items are \$10 each so figure we'll need around 50 people to feed. If your event takes longer than 5 hours, the minimum spend will go up \$150 for every extra hour after.
- If the minimum spend is not met, the organization or individual who booked the truck will be billed the difference.
- We require a standard plug (20 amp 110) within 50 feet of the truck to power the warming wells on The Roadster. If power is not available, we will require \$50 for the gasoline needed to power our generator.
- We can serve our regular menu out of The Roadster or a modified menu. Ask us what we can do for you and your event.
- We can put all of the purchases on one bill (ask about our ticket system) or can bill customers individually.
- If you would like to hire the truck for an event outside of Kosciusko county, there will be a minimum \$25 charge for travel and a fee for your county's Health Department day license if applicable (for example: an Elkhart county day license is \$55). There are no travel fees and no health department fees for events within Kosciusko county.
- The Roadster can travel as far as 35 miles from Warsaw.
- If you'd like to book The Roadster, please call us at 574-376-4445.
